

Super Shiny Christmas Giveaway - Giveaway is in 3 days. We are giving out a FREE Twilight to one lucky winner. If you have NOT signed up, it would be wise to do so. I make no guarantee of entry on the day of the drawing so get those in.

Twitch Steamers - We are looking for additional Twitch streamers for various events as well as the tournaments themselves. I'm not always going to be able to stream due to unforeseen circumstances and it would be nice to have other options.

New Officers - TNO still has a few leadership roles to fill. Commanders for WvW and PvE World Events in particular. If you have an idea for an event you would like to lead, don't think you are strapped down to doing a different event. We will be reviewing our newest applicants and will be evaluating some of these applicants early next week.

WvW - Making a presence in WvW would be great but its not a high priority at this point. If anyone can lead or know someone that would like to organize WvW for TNO, let us know.

The Nameless App - After the giveaway drawing, I will be taking a couple months to institute a redesign on our mobile android application using the suggestions/requests i've gotten from members from their reviews.
