

**Legendary Giveaway & Lottery** - These programs will be suspended until further notice to allow members to focus on Guild Hall upgrades as well as their own purchases for the new expansion content.

**Raids** - Arriving mid November. Be sure to apply at <http://gw2tno.com/raidapply>

**Guild Hall** - Would the guild like a weekly vote to determine the path we take or should we rotate between the upgrades? Upgrades for things like the arena, war room might be less demanding compared to that of decorations or guild buffs to karma, exp, etc.

We need a lot of materials to keep upgrades going quickly. Please donate what you can so we don't fall behind. Thank the members who have donated so much already. There are some people putting an easy 100g worth into upgrades.

**Missions** - Prioritizing PvE missions. Let other groups run PvP and WvW.

Wyldd: considering starting a WvW night, but I'm rusty on commanding in WvW, would anyone be interested in helping? Also, a poll for the guild to see general interest might be nice.

We will gather in the guild hall from now on. We will bash at each other in the arena until its time to start and then we will run to the portal and start the missions.

**Next giveaway** - As of right now, the next giveaway will be much smaller than the last but is planned to be around Christmas time/New Years. If everyone would like, we could postpone the giveaway and put all effort into guild hall upgrades if people so wish.
